## About the CRC

The Community Resource Center is leading the charge to combat and end hygiene insecurity in our community. With money raised at this year's All in for Hygiene event, the CRC will continue to provide basic needs resources to our neighbors who are struggling, to afford the ever-increasing costs of hygiene and household items. Your support of our All in for Hygiene event provides year-round access to life's every day essentials to more than 500,000 people across Middle Tennessee.
